Dear Mr. Webb:

Annual operating reports dated February 6, 2009, indicate that the referenced injection wells are inactive. Osage Underground Injection Control regulations require inactive wells to be plugged within one year after injection ceases. We may extend the plugging deadline if you have an acceptable plan for future use of the well. Send us your plan for future use within 30 days from the date of this letter if you want an extended plugging deadline for any of these wells.

Please contact me at 214-665-6459 if you have any questions.

Sincerely yours,

Ronald Van Wyk
